Look at this picture. It looks like the sea, doesn't it? Actually, it's a river, the Amazon. It's the largest river in the world.

The Amazon has been important to Brazil for many years. Its water power produces about eighty percent of Brazil's electricity.

The Amazon has been helpful to everyone here, too. It runs through a huge rain forest. That forest produces about twenty percent of the world's oxygen. The oxygen in this classroom may come from Brazil!
